TESTIMONIES.

My name is **Caroline** {MANCHESTER} I had appeared before Tribunals 4 times and it was determined that I should be deported to my Country with my son after I had paid few thousand of pounds to my solicitor, but he could not handle my case, his advice was I should run away with a tag on me as I had only just three days for me to be deported.

Then I contacted Caring Outreach Charity and they instantly wrote a letter and fax it to UKBA in Liverpool and the deportation was Cancelled and they are now representing me and my little son as a family in the UK.

I can now sleep which I was unable to do before. Thanks to this Charity {coic} for their great work helping a destitute asylum seekers like me. Thanks

V.O { London }

I had a very serious immigration problem which all my money was given to most Solicitors who were unable to help me and I was to commit suicide until a friend told me About Caring Outreach and I was helped and got my ILR without paying any money as I have nothing to pay.
